Free Bank Products... Free Tax Software... Full-Service Support

It's one thing to offer free bank products and free tax software to tax professionals, but it's another, extraordinary thing, to stand behind it all with industry-leading customer service and support. At Gannon Service Bureau, we take great pride in the products and services we offer our clients, but above all, we're most proud of our customer service. We deliver the best customer service and support in the tax software industry, and we back it up with our \$1,000 Guarantee (/1000-guarantee.html). Give us a call (/contact-us.html) and schedule a demo with us to find out why we have such loyal customers (/testimonials.html).

Free Bank Products

Our clients have access to free bank products from one of the biggest names in the industry - Santa Barbara Tax Products Group (TPG). Through a special arrangement, we're able to offer absolutely free direct deposit bank products, and absolutely free prepaid debit/credit card bank products to your clients. That's right, Santa Barbara will not charge you or your clients anything for direct deposits and prepaid debit/credit cards. If your client chooses a check, federal check bank products are just a low cost of \$25, deducted directly from the taxpayer's return. As a bonus, state bank products are also absolutely free - there is no additional charge to add a state return bank product, regardless of bank product type (direct deposit, debit/credit card, or even check), when you submit a federal bank product return. **Please note, this offer ends 10/31/15. Enroll now to lock-in free bank products for your clients.**

Free Tax Software

We can't say the name of the software we offer on this website, but let's just say it's one of the biggest names in the business. This is the full-featured professional tax software program you already may currently be using, sold elsewhere for thousands of dollars, offered to you, absolutely free. If you're new to the software, our conversion utility will seamlessly carry-forward your clients' 2014 tax information from you old software into the new software for 2015. View this external link (<https://vimeo.com/132276013>) to see a quick demo of the industry leading software we offer absolutely free, and check out the 'Our Software' (/our-software.html) page for more details on all the amazing features included. **Please note, this offer ends 10/31/15. Enroll now to lock-in your free software.**

Increase Your Own Prep Fee

Here's how... We charge a small \$44 service bureau fee that is deducted directly from the taxpayer's return for each bank product you file. With our free bank products, we're confident that even after this fee, your clients will save an average of \$20 to \$60 per return when compared to your current software provider's bank product fees, state bank fees, transmission fees, technology fees, and other junk fees. This is money you can stick directly into your own pocket by increasing your own prep fee \$20 to \$60 per return, while keeping the overall cost to the client the same as last year. If you do 100 returns, that's an extra \$2,000 to \$6,000 in you your pocket this season. Wouldn't you like more breathing room to increase your own prep fee?

No Junk Fees

Aside from the \$44 service bureau fee, there are absolutely no other fees. No transmission fees, no technology fees, no e-file fees... nothing else. If your client opts for a check, that's the only time he/she would pay more than \$44, since federal check bank products cost an additional \$25, deducted out of the taxpayer's return, but all other bank products (direct deposits and debit/credit cards), and all state return bank products, are absolutely free.

Add It Up

Are you able reduce your clients' fees by working with Gannon?

Add up your current bank and software fees:

<i>Cost for each core federal bank product</i>	<i>(\$35 typically - Free with Gannon)</i>
<i>* Cost for each state return bank product</i>	<i>(\$10 typically - Free with Gannon)</i>
<i>* Cost for junk fees, technology, transmission, e-file, etc.</i>	<i>(\$25 typically - Free with Gannon)</i>
<i>* Cost for existing service bureau fee</i>	<i>(\$60 typically - \$44 with Gannon)</i>

How much over \$44 are your clients currently paying in fees?

<http://www.gannonsevicebureau.com/>

Wouldn't you rather recoup that money for yourself?

If you're able to save your clients \$20 to \$60 in fees, this means you can increase your own prep fee by \$20 to \$60 without increasing the cost to your clients. We can even show you how to add your own transmission, technology, and e-file fees on the price sheet - money that will go directly to you instead of the bank. Your clients won't see any increase in price, but you'll earn additional revenue. If you do 100 returns, you are effectively sticking an extra \$2,000 to \$6,000 in your pocket. Not to mention, you'll immediately save thousands on the cost of your software for every license/office.

No Risk

If you enroll prior to 10/31/15, we will never ask you for your credit card number or any other form of payment. This offer truly is risk-free. If enrolled after 10/31/15, we will need to process payment.

Superior Training and Support

This is your business we're talking about. We understand not only are you selecting your software provider for the year, you're also selecting your customer service, trouble-shooting, and 'help me!' partner for the year.

We offer live instructor-led training sessions, easy-to-use web screen sharing tools, training materials, setup guides, videos, and tutorials. And the important part - we back it all up with our superior level of customer service - call us anytime during our extended hours for help. Let Gannon be there for you when you need us this tax season, providing an unparalleled level of service and support.

Our \$1,000 Guarantee

Once enrolled with Gannon, if you don't receive the absolute best customer service and support you've ever received from your tax software provider, we will pay you \$1,000 cash. Guaranteed. No questions asked, no hidden gotchas, and no games. We truly believe you will receive the best customer service and support that you've ever gotten from your tax software company, but if you don't, just let us know and we'll pay you \$1,000. This is our guarantee to you.
